Tri-State Motor Transit (TSMT)

uri 64802

is:

the Department of Energy (DOE), National Transportation Program-
(NTPA), Motor Carrier Evaluation Program (MCEP), I would like to
te Motor Transit (TSMT) for its cooperation in the recent evaluation.

en rated as an "Excellent Carrier" with a score of 90.6% by the
am. Any concern(s) the evaluation team had regarding your operation
ow. These items were covered during the exit briefing at your
adquarters on August 12, 1999. Please respond to the concerns by
at U. S. Department of Energy, National Transportation Program-
Albuquerque, New Mexico 87185-5400.

CONCERNS/CONCERNS:

SMT evaluation was acceptable. However, an area of concern was the
y program. Although the company does have a well-defined Quality
annual, the related policies and procedures do not appear to support
Quality Assurance Plan. Some operating procedures have not been
revised since 1995 - 1996, and changes and corrections are not well
so employees are aware of the company's current policies.

financial concerns, the Department of Energy will conduct annual
TSMT until these concerns have been satisfied.
